IDENTIFICATION NUMBER:

REFERENCE: 30 DAY POST-GENERAL REPORT (10/18/2012 - 11/26/2012)

Dear Treasurer:

This letter is prompted by the Commission's preliminary review of the report referenced above. This notice requests information essential to full public disclosure of your federal election campaign finances. **Failure to adequately respond by the response date noted above could result in an audit or enforcement action.** Additional information is needed for the following 1 item(s):

1. Your report discloses a negative ending cash balance of \$1,481.47. This suggests that you have overdrawn your account, made a mathematical error, or incurred a debt. If your committee has incurred a debt or obligation, please itemize this debt on Schedule D, show a zero balance on Line 8 of the Summary Page and include the amount on Line 10. Please file an amendment to your report to accurately disclose your financial activities. (2 U.S.C. § 434(b) (8) and 11 CFR § 104.3(d))

- For your information and consideration when preparing future filings, political committees that have established a federal account and a non-contribution account consistent with the stipulated order in *Carey v. FEC* should report their activity according to the Commission's interim reporting guidance after notifying the Commission of their intent to do so.

Committee's using a separate non-contribution account should (1) deposit the contributions into a separate bank account for the purpose of financing independent expenditures, other advertisements that refer to a Federal candidate, and generic voter drives, (2) ensure the non-contribution account remain segregated from any accounts that receive source-restricted and amount-limited contributions for the purpose of making contributions to candidates, and (3) ensure each account pay a percentage of administrative expenses that closely corresponds to the percentage of activity for that account.
